

WUS AUSTRIA IN SERBIA

WUS Austria implements higher education development projects at and with all 6 public universities in Serbia:

- Development of 4 labor market relevant Master Programs
- Development of Quality Assurance structures at the newly established public University in Novi Pazar
- Support to the capacity building for the Serbian Agency for Accreditation
- Establishment of the Platform “Labor Market and Higher Education”
- Implementation of “EXPERIENCING EUROPE. Serbian Young Professionals in Austria – Zoran Djindjic Internship Program“
- Implementation of probably largest students’ case study based competition in Europe – Balkan Case Challenge
- Counseling and information services for students academics and researchers from Serbian Universities.

The majority of our projects in Serbia is financed by the Austrian Development Cooperation.

- Implementation of Brain Gain Program +

2001 – Establishment of WUS Belgrade Office. Launching of its first Program „Support to the Universities of Serbia”, financed by the Austrian Federal Ministry of Foreign Affairs.

Over the years, programs offered to the Serbian academic community evolved, following various stages of university reform process.

Since 2005, WUS Austria led the establishment of the eLearning Task Force for Serbia and Development of eLearning Recommendations for Higher Education in Serbia. WUS Austria established and supported the development of five eLearning Centers at Serbian public universities.
